5. Respond Ottawa - As the [Respond Ottawa C-19 Taskforce](#) has been scanning for COVID-19 related needs around our city, they've determined that PPE (Personal Protection Equipment) is still one of the highest demands. Hospitals have a very short supply and continue to ration them to their doctors and nurses. As our city begins to open up, a number of frontline ministries and organizations will start operating again. Many of these groups will need PPE supplies. So, they are calling on the church of the city to respond to this request. This week they have provided links for those who can sew. They are encouraging as many people as possible to be making caps, headbands and masks. Please [click here](#) for links to instructions on how to make these essential items.
