God is Still Present!

In these unprecedented and uncertain times, when we must practice social distancing while craving community, be encouraged to remain steadfast in the Hope that is Jesus. As Christians, we do not worry as the world does; rather, we hold onto our anchor and lean on each other.

That is what we hope to do as a community of sisters during these times - offer encouragement and support. Here are some practical ways we encourage you to stay connected as we "virtually" gather under the canopy of God's faithfulness:

- Keep in touch with one another via text messages, social media, emails, and phone calls.
- Use this time to draw closer to God through increased time in prayer and worship.
- As you are able, join the AWC Daily Evening Zoom Prayer Meetings (Online) from 7:30pm - 8:30pm.
- Consider doing an in-depth study of a book of the Bible and virtually talk it over with a friend.
- Think about journaling your thoughts and prayers during this time and then anticipate & record how God answers them.

Know that we will get through this together. May this be the time when we look more like Jesus to a world that is in desperate need of him.

Let this worship song, "With You" by Elevation Worship encourage you today.
